

## INSULIN MANAGEMENT MADE EASY

Our tubeless, waterproof<sup>1</sup> Pod provides up to three days of insulin<sup>2</sup> for people with diabetes.

With just two components – the small, wearable Pod and the handheld Personal Diabetes Manager – the Omnipod<sup>®</sup> Insulin Management System lets you manage insulin delivery simply and discreetly. More convenient than daily insulin injections and more comfortable than traditional tubed pumps, the Omnipod<sup>®</sup> System enables you to live life more freely.

## THE OMNIPOD<sup>®</sup> TEAM IN THE DIABETES COMMUNITY

The Omnipod<sup>®</sup> System is now covered by Medicare

New CMS guidance clarifies coverage under Medicare Part D benefits.
